UPDATE FROM BAYWIND VILLAGE
NEW ROUND OF TESTING COMPLETED
10 RESIDENTS TEST POSITIVE

Following a new round of testing late last week, we've learned that ten additional residents have tested positive for the coronavirus.

We've moved these ten residents to an isolated part of our facility that has been declared as our Covid Recovery Unit.

We continue to work with state and local authorities, and are following all relevant guidelines. Let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

August 11, 2020

UPDATE FROM BAYWIND VILLAGE
COMPLETED TESTING
ALL STAFFE TEST NEGATIVE FOR THE VIRUS

Additional Updates will be announced as needed

On August 7th, 2020, another round of testing was completed for 89 facility residents. As a result, one (1) resident tested positive. The resident was immediately moved to our COVID Recovery Unit.

We have communicated these results with all residents and their primary family contacts. We remain vigilant and are following all relevant state and federal guidelines.

Please let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

August 5, 2020

UPDATE FROM BAYWIND VILLAGE
COMPLETED TESTING
ALL STAFF TEST NEGATIVE FOR THE VIRUS

Additional Updates will be announced as needed

On August 4th, 2020, testing was completed for 153 facility staff. We are happy to report that all staff tested negative.

We have communicated these results with all residents and their primary family contacts. We remain vigilant and are following all relevant state and federal guidelines.

Please let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

July 27, 2020

UPDATE FROM BAYWIND VILLAGE
NEW ROUND OF TESTING COMPLETED
2 RESIDENTS & 5 STAFF TEST POSITIVE

Following a new round of testing late last week, we have learned that two residents and five staff members have tested positive for the coronavirus.

The staff members are quarantined in their own homes. We have placed the two residents in an isolated part of our facility that has been declared as our COVID Recovery Unit.

Out of an abundance of caution, we have decided to do another round of testing of all residents. We expect to have results by the end of this week and will provide an update at that time.

We continue to work with state and local authorities and are following all relevant guidelines. Let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

July 20, 2020

UPDATE FROM BAYWIND VILLAGE
TWO RESIDENTS TEST POSITIVE
NEW ROUND OF TESTING

On Saturday, July 18th, we tested two residents from Baywind Village; one was exhibiting minor symptoms and the other was tested prior to a transfer to another facility. Both of these residents tested positive for the coronavirus.

We have decided to proceed with a new round of testing of all residents and staff. We expect to have testing completed by the end of day tomorrow, with results coming in the next 2-3 days. Once we have received the results, we will send another update.

Our commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

Please let us know if we can answer any questions.

July 3, 2020

UPDATE FROM BAYWIND VILLAGE NEW ROUND OF TESTING

On June 30, 2020, Baywind Village completed a new round of testing for all facility residents. 83 Total Residents were tested. Here are the results:

83 Negative Test Results

0 Positive Results

Let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

June 23, 2020

UPDATE FROM BAYWIND VILLAGE
NEW ROUND OF TESTING COMPLETED
ALL RESIDENTS TEST NEGATIVE

On Tuesday, June 16, we learned that a resident from Baywind Village tested positive for the coronavirus. The resident was tested as part of a routine check prior to a scheduled operation outside of our facility.

Out of an abundance of caution, we chose to proceed with a new round of testing of all residents and staff. Here are the results:

- All Residents have tested negative for the coronavirus.
- Three staff members tested positive and are now in quarantine.

Let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

June 17, 2020

UPDATE FROM BAYWIND VILLAGE

NEW ROUND OF TESTING

On Tuesday, June 16, we learned that a resident from Baywind Village tested positive for the corona virus. The resident was tested as part of a routine check prior to a scheduled operation outside of our facility.

Out of an abundance of caution, we have decided to proceed with a new round of testing of all residents and staff. We expect to have testing completed by the end of day today, with results coming in the next 2-3 days. Once we have received the results, we will send another update.

Please let us know if we can answer any questions. Our Commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

May 28, 2020

UPDATE FROM BAYWIND VILLAGE
SECOND ROUND OF TESTING COMPLETED
ALL RESIDENTS TEST NEGATIVE FOR THE VIRUS

Additional Updates will be announced as needed

On May 21, 2020, we initiated a second round of testing for our residents and staff. We can now announce that our facility is free of COVID-19.

We tested 82 residents. All tests returned negative results. The following day, on May 22, we tested 168 staff members. 166 of them returned negative results. Two staff members, who had already been out of the facility, tested positive for the Corona Virus. Those staff members have been quarantined and will not return to work until they are cleared by state and federal guidelines.

We have communicated these results with all residents and their primary family contacts. We remain vigilant and are following all relevant state and federal guidelines. Please let us know if you have any questions or concerns.

May 20, 2020

UPDATE FROM BAYWIND VILLAGE

SECOND ROUND OF TESTING

Additional Updates will be announced as needed

On May 11th, 2020, Governor Abbott ordered COVID-19 testing for all nursing home residents. According to his order, we are required to test all new residents and staff that weren't part of our earlier testing completed on April 15th.

However, out of an abundance of caution, we have made the decision to do a retest of the entire population of residents and staff. Our commitment to you and your loved ones is to provide quality care while promoting the highest level of health and safety.

Our plan is to complete resident testing on tomorrow May 21st, 2020. Staff testing will be conducted on Friday, May 22nd, 2020. We are hoping to have results by Wednesday May 27th, 2020.

Once we have received the results from this new round of testing, we will send another update.

May 5, 2020

UPDATE FROM BAYWIND VILLAGE

STAFF MEMBER TESTS POSITIVE FOR THE CORONA VIRUS

Additional Updates will be announced as needed

Today we were notified that one of our staff members has tested positive for the corona virus. This employee, a Certified Nursing Assistant, was compliant in all usage of personal protective equipment, including using an N95 mask. Their last day of work was on the 28th of April.

Employees who test positive for the virus will self-quarantine at home until they are cleared to work through the guidelines set by both State and Federal agencies.

On April 15th, we did full testing of both residents and staff. At that time, we had one positive resident and 3 positive employees. That one resident has not been in the facility since April 17th. Of the three employees who initially tested positive, none have returned to work.

We continue to monitor all residents and staff for any signs or symptoms of the corona virus. We will perform additional tests for the corona virus as needed. Here are our latest numbers:

Residents:

Number of Residents Tested to date: 85

Residents Tested Positive to date: 1 (no longer in the facility)

Residents Tested Negative to date: 84

Employees:

Number of Employees Tested on April 15th: 186

Employees Tested Positive: 3

Employees Tested Negative: 183

Employees Recovered:

April 20, 2020

Additional Updates will be announced as needed

On Wednesday, April 15th, we conducted full testing for the Corona Virus for all residents and staff at Baywind Village. We have now received all test results.

As of today, April 20th, we have only one resident who has tested positive for the Corona Virus. That patient was discharged to a local medical center on Friday April 17th, to receive treatment. We will continue to monitor all other residents for signs and symptoms of the virus and will do additional testing as needed.

Three employees have tested positive for the corona virus. Employees who test positive for the virus will self-quarantine at home until they are cleared to work through the guidelines set by both State and Federal Agencies.

Since the outbreak of COVID-19 we have been following CDC guidelines and working collaboratively with our local health agencies which we continue to do.

Residents:

Number of Residents Tested: 84

Residents Tested Positive: 1

Residents Tested Negative: 83

Resident Tests Inconclusive: 0

Resident Tests Pending: 0

Employees:

Number of Employees Tested: 186

Employees Tested Positive: 3

Employees Tested Negative: 183

Employee Tests Inconclusive: 0

Employee Tests Pending: 0

A Note About Covid-19

Dear Family and Friends,

Effective immediately, our centers will no longer allow any visitors into our buildings. Baywind Village Skilled Nursing & Rehabilitation is implementing this restriction to prevent the spread of the Coronavirus and to protect the health of our residents, their loved ones and our medical staff. Nursing staff and the attending physician will work with families who have special circumstances, such as critically ill residents on a case-by-case basis. This decision to expand these visitor restrictions is a collaborative effort among regional healthcare centers, the CDC, our local health department, Texas Health and Human Services and the Federal Government.

Please consider using our Virtual Visiting Services to visit with your loved one. We apologize for any inconveniences this may cause. We hope you understand we have been called to action to protect those we serve and care for from this disease.
